

INTERNATIONAL CONFERENCE
**“QUALITY OF EDUCATION IN THE CONTEXT OF ECONOMIC
TRANSFORMATION OF SOCIETY”**

Date: **May 26, 2023**

Venue: **Tashkent State University of Economics**
Str: Islam Karimov 49
Tashkent, 100066
Uzbekistan

Purpose: Ongoing green and digital transformations in the society necessitates the development of new approaches in the management and provision of higher education. Now the world needs continuous development of new skills and competence to maintain economic progress and ensure sustainable development. New indicators of the education quality are emerging that require to rethink the conventional curriculum in HEIs to live up to the expectations of the thriving sectors of the contemporary economy. The main purpose of the conference is to discuss and share knowledge and experiences on the ways to improve the quality of higher education to make it conducive to new realities.

Speakers and Participants: The conference is expected to gather dozens of international experts, leaders of the education institutions and heads of internationally recognized accreditation and ranking organizations from the USA, Great Britain, France, Canada, Japan, Singapore, Finland, the Netherlands, Belgium, Austria, Germany and other countries, which will enable participants to exchange ideas and establish warm relationships with each other.
